INNOVHEM

THE COMPANY

INNOVHEM, a company created in October 2019, develops innovative tools to improve the management of patients with Sickle Cell Disease. The most common genetic disease in the world, this disease suffers from a lack of medical management tools and patients have a life expectancy decreased by nearly 30 years. INNOVHEM is developing an In Vitro Diagnostic medical device that combines innovative biomarkers and artificial intelligence algorithms that will predict the severity of the disease. A first technical milestone has been reached, with the development of a first algorithmic tool to predict the occurrence of the painful crisis, first cause of mortality of the disease. We need to strengthen our team to continue developing our first product.

THE MISSION

As INNOVHEM is experiencing strong market traction, we are looking for someone to work alongside our CEO on a variety of topics: a unique opportunity to gain first-hand experience in building a startup and make a substantial contribution to the team while learning by doing.

Your role will be as follows

- Business development : research and follow-up of clients, management of the pipeline;
- Financing: participate in investment prospecting;
- Analytics: market research, competitive landscape;
- Branding and marketing initiatives: social media posts, website and blog management, branding of sales presentations, etc;
- Assist the CEO with daily operational tasks and internal administrative management.

WE ARE LOOKING FOR

- Master's degree from a leading business school / engineering school ;
- Previous experience in a challenging ecosystem preferably in the healthcare ecosystem;
- Fluent in English and French (oral/written);
- Analytical and rigorous;
- Autonomous and quick learner;

INTERNSHIP CONTRACT

- Créteil (94) /Telework
- Duration: 6 months
- Salary: 800€/month
- Hiring date: ASAP
